Hon. Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

TERMINAL DISCLAIMER
UNDER 37 C.F.R. § 1.321(b,c)

Sir:

Linear Technology Corporation, a corporation organized and existing under the laws of the State of California and having an office and place of business at 1630 McCarthy Boulevard, Milpitas, California 95035, represents that it is the assignee of record of the entire right, title, and interest in U.S. Patent No. 6,670,850 (U.S. Patent Application No. 10/172,874, filed June 3, 2002) and U.S. Patent Application No. 10/613,420 (filed July 3, 2003 as a continuation of U.S. Patent Application No. 10/172,874), by virtue of an assignment recorded in the United States Patent and Trademark Office at Reel 13017,

Frame 841 (which assignment covers U.S. Patent Application No. 10/172,874, any patent issued thereon, and all continuations of that application).

The undersigned, on behalf of Linear Technology Corporation, hereby disclaims the terminal portion of the term of any patent to be issued on U.S. Patent Application No. 10/613,420 that would extend beyond the expiration date of the full statutory term of U.S. Patent No. 6,670,850.

The undersigned, on behalf of Linear Technology Corporation, agrees that any patent to be issued on U.S. Patent Application No. 10/613,420 shall be enforceable only for and during such period as the legal title to such patent shall be the same as the legal title to U.S. Patent No. 6,670,850, this agreement to run with any patent to be issued on U.S. Patent Application No. 10/613,420 and to be binding upon the grantee of such patent and its successors and assigns.

The undersigned, on behalf of Linear Technology Corporation, does not disclaim any terminal part of the term of any patent to be issued on U.S. Patent Application No. 10/613,420, that would extend to the expiration date of the full statutory term of U.S. Patent No. 6,670,850, in the event that U.S. Patent No. 6,670,850 (a) expires for failure to pay a maintenance fee, (b) is held unenforceable, (c) is found invalid, (d) is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321(a,b), (e) has all claims canceled by a reexamination certificate, or (f) is otherwise terminated prior to expiration of its

statutory term, except for the separation of legal title stated above.

The undersigned hereby states and certifies that:

1. He is an attorney of record in U.S. Patent Application No. 10/613,420 and is authorized to act on behalf of Linear Technology Corporation in connection with said application; and
2. The relevant evidentiary documents have been reviewed and, to the best of the undersigned's and Linear Technology Corporation's knowledge and belief, title to U.S. Patent Application No. 10/613,420 is in Linear Technology Corporation.

LINEAR TECHNOLOGY CORPORATION
